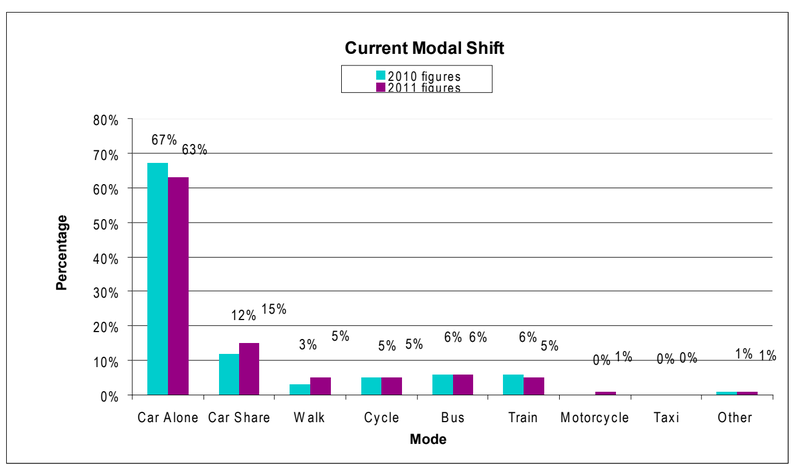
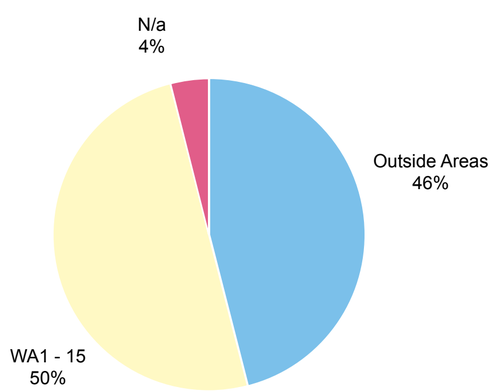
Travel Survey Results

As part of Birchwood Park's commitment to sustainability, we provide a comprehensive Travel Management Plan, to support environmentally responsible commuter travel.

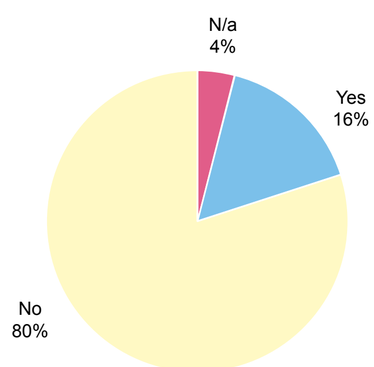
The Travel Management Plan was first established in 2001. Every year we undertake a Travel Survey to assess annual travel habit changes on site. These results are shown in the charts below.



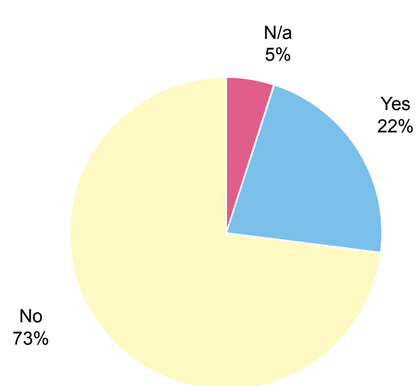
2011
Current Home Postcode Data



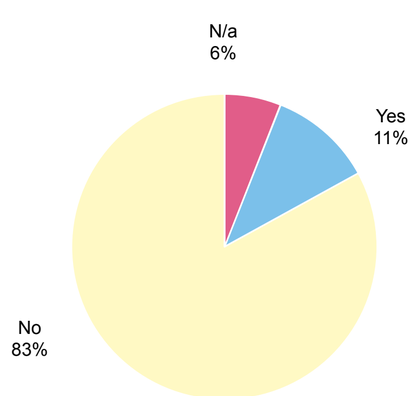
2011
Current Car Share Users



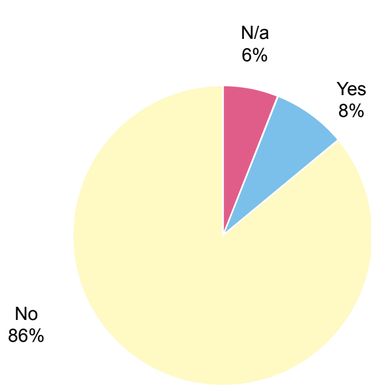
2011
Current Public Transport Users

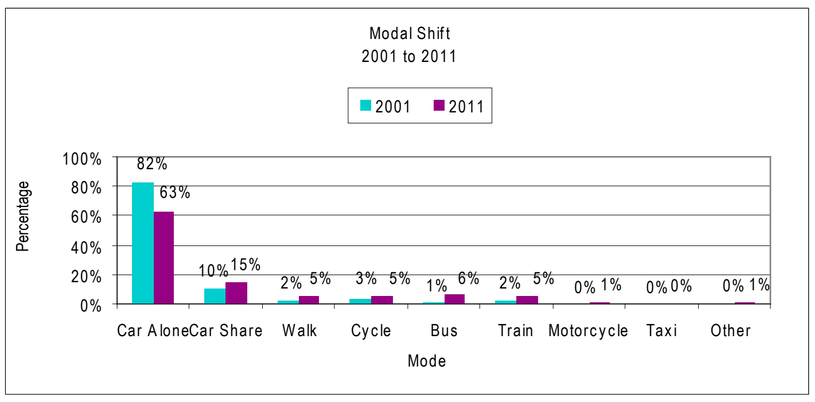


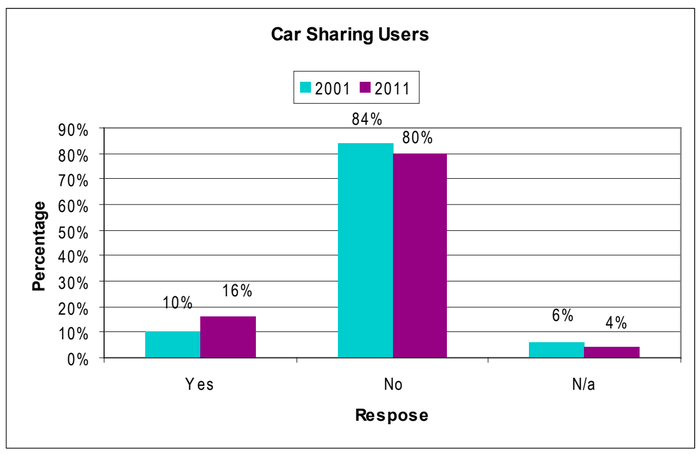
2011
Current Cycling Users

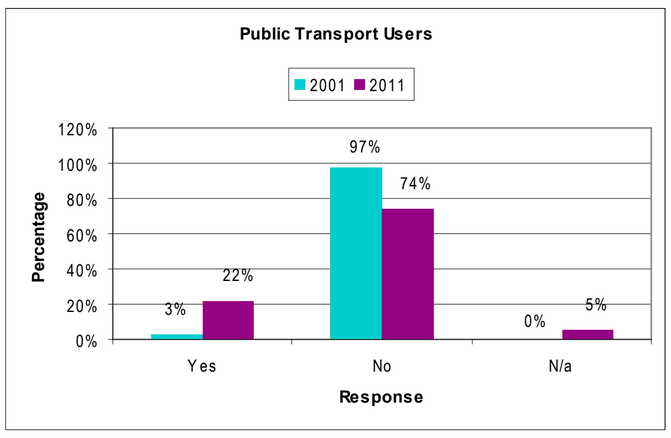


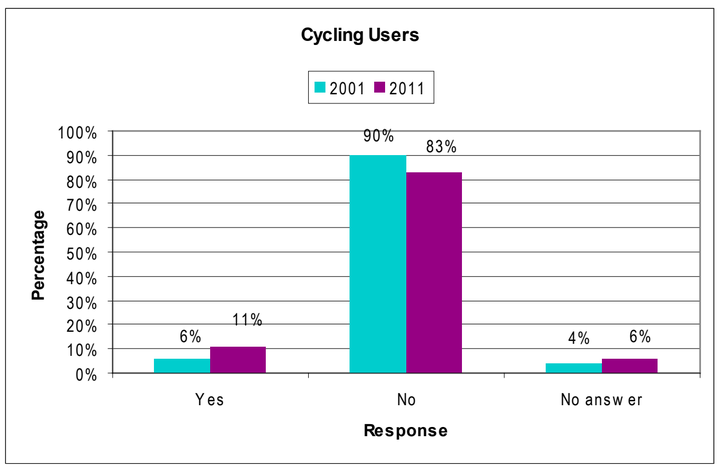
2011
Current Walking Users

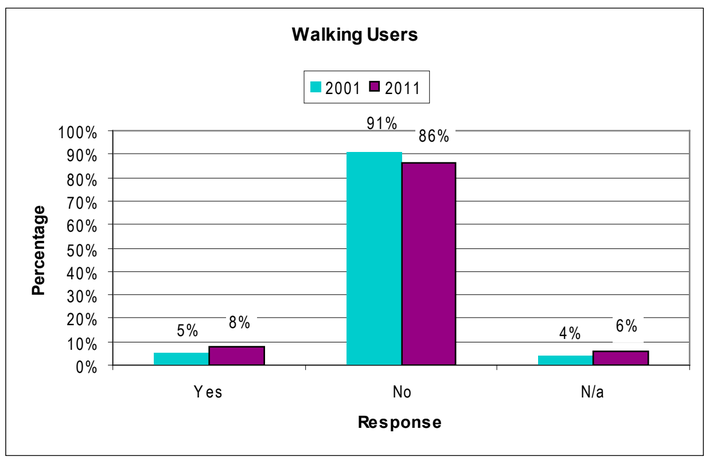


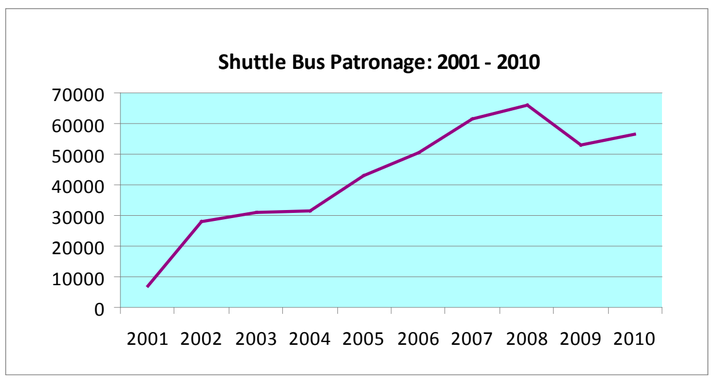












** N/a represents No Response or Not Applicable.*
